Adding Artefacts in Blackboard Portfolio

Please Note: If you've created a PebblePad Personal Account (Alumni Account) then the transfer of Pebble+ assets to Blackboard is optional and can be done at your discretion.

If you would like to transfer your Pebble+ assets, you’ll need to upload your exported PebblePad asset files into the Blackboard Portfolio tool as an artefact. Login to LMS (Blackboard) and use the global navigation menu at the top right to access Tools, then Portfolios.

To create a new Artefact, go to the My Artefacts page and then click Add Personal Artefact.
You’ll then need to provide a title, description, and content for the artefact then click Submit. The description is for your organisational needs and is only visible to you.

The following link provides more information about artefacts: https://en-us.help.blackboard.com/Learn/Student/About_You/Portfolios/010_Artifacts
