3. PRINCIPLES AND RULES FOR THE OPERATION OF COMMITTEES – Ref F12202

Members will be aware that all committees of the University are expected to operate according to the principles set out in the Principles for the Operation of Committees.

In 2005 the Deputy Vice-Chancellor and the Executive Director (Academic Services and Registrar) commissioned a “Working Smarter Through Committees” working party in order to investigate ways of streamlining and improving committee processes without compromising collegiality.

In accordance with Recommendation 9 – That the University’s principles and rules for the operation of committees are distributed (as part of the agenda) to all committee members and the Chair explicitly address these at the first meeting of each year – the principles and rules are attached along with the code of conduct. (Attachment A)

For noting.
4. UNIVERSITY POLICY ON CHANGES TO UNITS – Ref: F39827

Members are asked to note that Academic Council approved by R236/11 a revised University Policy on Changes to Units, which identifies the principles that will need to be considered when proposing a change to a unit offered at either undergraduate or postgraduate level. The revised policy replaces the following policies and aligns with the structural requirements of the New Courses:

- Policy on the Cancellation of Units (UP07/114)
- University Policy on the Cancellation of Units (UP07/106)
- Changing the Availability of Units (Policy and Procedure)
- Changing a Unit Title (Policy and Procedure)
- Non-Standard Semester Teaching

For noting.

5. UNIVERSITY POLICY ON CREATING SPECIAL UNITS – Ref: F39926

At its meeting of November 2011, Academic Council by R228/11 approved the following:
(i) that existing provision to create special units be permitted only in transitional courses that were being taught out.
(ii) that provision to fast-track, within the governance structure of New Courses, a new unit proposal for offering within a teaching period to accommodate certain teaching or urgent circumstantial-based needs be permitted from 2012.
(iii) faculties be requested to review the rules for postgraduate courses forming part of the new courses framework with a view to removing provision for substitution of units by 2013.
(iv) faculties be permitted to approve substitution of units in postgraduate degree courses that will not form part of the new courses framework, (namely those being taught out) to the extent previously permitted by University General Rule 1.2.1.14A: A faculty may permit or require a student to substitute for units up to a maximum value of 12 points in a course another unit or other units of equivalent value.

For noting.

PART 2 – ITEM FOR CONSIDERATION AND DECISION BY CIRCULAR

6. CONSTITUTION OF THE BOARD OF STUDIES FOR THE BACHELOR OF COMMERCE – REF: F28648

Members will note that Academic Council in November 2011 reviewed the interim status of the Boards of Studies and approved (by R230/11) the proposition that they be made Boards of Commerce effective immediately.

Since the Board of Studies for the Bachelor of Commerce has been formally constituted as a University Committee, the Terms of Reference of the former Interim Board of Studies for the Bachelor of Commerce will need to be amended accordingly.

Attached (Attachment B) for members’ consideration is the constitution of the Board of Studies for the Bachelor of Commerce.

The Chair recommends that the constitution for the Board of Studies for the Bachelor of Commerce be endorsed and that it be forwarded to the Board of Coursework Studies for consideration.

Principles

Principles for the Operation of Committees

While the committee structures provide a suitable framework, it is the members of the committees who determine whether good governance and better practice standards are actually achieved and ensure that the committee is adding value.

General:

1. **Collegiality**: The Committee system is transparent and consultative, and all staff have the opportunity to provide meaningful input into decisions that significantly affect them.

2. **Working Smart**: Committee time is used in ways which make the most efficient and effective use of staff time to deliberate on significant issues and policies.

3. **Good Conduct**: Committee members abide by a Code of Conduct that requires them to be appropriately informed and prepared before the meeting so that they can contribute to the decisions of the committee.

4. **Review**: All committees are regularly reviewed in relation to both the performance of committee business and committee members.

Functional:

5. **Policy Decisions**: Committees are, wherever possible, engaged in establishing policies and rules within which individual staff can manage and administer University business.

6. **Management Decisions**: Committees are involved in management and administrative decisions as close to the activity as is compatible with legislative requirements.

7. **Communication**: Committees are used to provide a contextual framework within which University policies are developed and decisions are made.

8. **Membership**: Committee membership ensures the broad University community, in all its diversity, is reasonably represented. However, individual committees are not constituted to represent every possible interest group and the number of members should be kept as low as practicable.

Revised on 16/02/2006
Establishment and Review of Committees:

1. Committees are to have a constitution that clearly describes the purpose and operation of the committee including membership, Chair, function, decision-making and communication lines, quorum and conduct of meetings.

2. Mechanisms for reporting the business of each committee should be made clear at the time of establishment of the committee.

3. Committees should establish a review regime addressing the frequency and nature of the review process and the allocation of responsibility for conducting and acting on the review.

Conduct of Meetings:

4. Meetings should only commence with the appropriate quorum. If the meeting is inquorate the meeting can be cancelled and business dealt with by circulation or discussion can take place in committee mode with recommendations ratified at the next meeting or by circular.

5. Meetings should be held in accordance with constitution. However, the committee should not meet simply because a meeting has been scheduled rather only when there is important business to transact. If business is limited, consideration should be given to circulating items with the Chair’s recommendation rather than to deferring items to a later meeting.

6. Items brought to the committee for a decision for noting or for communication should be relevant to the business or role of the committee. Consideration should be given to holding a joint meeting of two committees when there is an item of interest for more than one committee. When it is clear that the committee has insufficient knowledge to add value to a decision, then other means of processing the decision should be found within existing policy and legislative provisions.

7. Where decisions are to be referred to other University committees then meeting dates should be scheduled to facilitate the efficient flow of business to these committees.

8. There should be an opportunity at the start of each meeting for members to declare any potential or perceived conflict of interest in respect of any item and where appropriate to absent themselves from discussion and/or the room while the item is being considered.

9. Documentation for committees should be written precisely, accurately, clearly and succinctly. The level of formality and detail should match the purpose and readership of the document.

10. Agendas of meetings should:

   • Contain or have attached any background material necessary to enable members to make informed decisions. If items have been discussed previously a chronology of key elements of the discussion should be attached.
   • Be divided into three parts (Attachment C):

Part 1. Items for Communication to be dealt with En Bloc - only items for communication that require no decision or discussion, but are relevant to the business of the committee or its future decision-making, or require dissemination by members to staff within their
Part 2. Items for Decision to be dealt with En Bloc - only items for decision with clear recommendations by the Chair that are likely to require no further discussion;

Part 3. Items for Discussion and Decision.

- Include an Item/Business in Progress List providing an update of actions since the last meeting, where appropriate
- At the discretion of the Chair allow items of ‘Other Business’ provided there is advance notice to the Chair and the item is not a major policy item.
- Be distributed to members at least three working days before the meeting and items perceived by the Chair to be key issues should be highlighted. Deadlines for placing formal items on the agenda should be enforced by the Chair and the Executive Officer. Rather than delay the distribution of an agenda because one item is not ready, the use of supplementary agendas should be considered.
- Be posted on the Web, with attachments where possible and available to all staff on the University’s intranet, unless issues of confidentiality preclude this.

11. Minutes of meetings should:

- Contain a summary or précis of events, in dot form wherever possible, rather than a detailed account of every contribution. In general names of individuals should not be recorded in the discussion.
- Contain all resolutions and agreements, whether reached formally through motions or through general consensus, and a clear statement of the action to be taken in relation to each item including the person responsible for the action and a timeline for completion, where appropriate.
- Be distributed to committee members within 10 working days of the close of the meeting.
- Be posted on the Web and available to all staff on the University’s intranet, unless issues of confidentiality preclude this.

**Role of Members:**

12. Members are required to conduct themselves in accordance with the University’s Code of Conduct and the University Committee Members’ Code of Conduct.

13. Members are required to participate actively in committee business and provide appropriate contributions to decision making for the betterment of the University as a whole.

14. University members should only nominate for committees for which they feel they are well placed and appropriately informed to contribute to the business of that committee.

15. Members who represent constituents on a committee should make every attempt to canvass the views and opinion of that group to bring back to the discussion of the committee and report committee decisions back to their constituents.

**Role of Chair and Executive Officer:**

16. Chairs and Executive Officers are responsible for ensuring these rules for the operation of committees are followed including the appropriate recording of decisions and actions.

17. Chairs should conduct meetings with the degree of formality appropriate to the committee. Generally, greater formality is needed with major committees, committees with a larger membership and where it is required by constitutional and statutory provisions.

18. Chairs should ensure meetings are conducted fluently so members understand the
matters at hand and have the opportunity to discuss them, and the voting processes and resolutions are clear. Chairs should try to ensure the active participation by all members of the committee.

19. Chairs and the Executive Officers have a responsibility to ensure the business of the committee is either referred for a decision to the relevant committee or is communicated effectively to relevant areas of the University.

20. Committees should make provision for delegating responsibilities to the Chair and Executive Officer as far as possible, ensuring accountability for these delegations.

21. Chairs and Executive Officers should meet to discuss the draft agenda so both understand the purpose and possible outcomes of the meeting.

22. Executive Officers should familiarise themselves with the working of the University committee system as a whole, and as much as possible work with Executive Officers of other committees to ensure smooth transition of business through the committee system.

23. Executive Officers should work with the Chair to provide all new members with induction briefing material and appropriately induct new members into the committee. Where possible, this should occur well before the member’s first attendance at a meeting of the committee. It is recommended that briefing material provided to new members includes:

- The constitution of the committee including information on the position of the committee in the University committee structure (namely maps with pathways for decisions and communication).
- The Principles and Rules of the Operation of Committees.
- The Code of Conduct of committee members.
- Committee meeting dates.
- Major items of business of the committee of the previous year.
- Commonly used acronyms and abbreviations which might be used in the conduct of the committee’s business.
- Effective Meetings - A Guide to Good Practice

Any enquiries relating to the rules for the operation of committees may be directed to the Academic Secretariat.
